"What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest: then, a sympathy: then a reasonable affection: a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful: and, finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.

What Is A Live Prospect?

Here is a man with a lot of questions on his mind. He wants to know Where and What and Who and How?

Thousands of live prospects are looking in directories daily to find out

Where they can buy something
What they can get for their money
Whom they can buy it from
How they can get it

The time to sell a prospect is when he is alive.

THE SIGN OVER YOUR DOOR

Is a good thing, isn't it? You would not think of doing business without it.

BUT IT IS ONLY SEEN BY THOSE WHO PASS YOUR WAY

If you could put a sign where everyone could see it would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out

The Mortality of Advertising

★

THE waste basket is the grave of millions of dollars worth of advertising every year. Keep YOUR advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time.

About City Directory Circulation

THE true value of advertising circulation is *circulation consulted.*

TO be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days,* therefore—

DRIVE YOUR ADVERTISING SHOTS HOME

A thunder of hoofs—a resounding smack—and another shot is driven home. Your ad in the Directory will be just as effective a "thunderous" headline—a "smack" in your copy—and your story is driven home—to the thousands of daily Directory users.
